Guía de búsqueda de números de factura

Invoice Number Lookup Guide

VTX at vtech

- 1、 Si no recibimos los documentos de facturación correspondientes, podemos comprobarlos en el sistema.
- 1、 If we do not receive the appropriate invoice documents, we can check in that system.

- 2、 En primer lugar, haga clic en «Todos» en la barra de menús de la izquierda, luego en el icono de búsqueda de la barra de herramientas e introduzca el número de material que desea consultar.
- 2、 First, click on "All" in the left menu bar, then click on the search icon in the toolbar, and then enter the material number you need to query.

The screenshot shows the MX Inbound Shipment Management System interface. The left sidebar has a menu with options: Draft, Processing, Approved, Rejected, Cancelled, All, Gen Report, and Settings. The 'All' option is highlighted with a red box. The main window shows a search bar with the text "10-000849-000-R001" and a search icon. Below the search bar, there is a table with 5 results in 'QUO\A11'.

Guía de búsqueda de números de factura

Invoice Number Lookup Guide

VTX at vtech

1. Asegúrese de seleccionar los documentos de envío adjuntos a la fecha de recepción, cuando llegue a esta página, la «casilla roja 1» es la factura correspondiente al número de material.
2. «Casilla roja 2» es la hora de introducción del RT, si no es así, significa que no hemos introducido el RT.
3. Si el material no tiene RT, la cantidad es la misma y la fecha es la misma, entonces podemos referirnos a la «casilla roja 1» para la factura correspondiente al número de material. Entonces puede consultar la factura en la «caja roja 1». O puede abrir la «caja roja 3», el archivo de facturas del proveedor.

1. Be sure to select the shipping order attached to the date of receipt, and when you get to this page, “red box 1” is the invoice corresponding to that material number.
2. “Red box 2” is the time of RT, if not, it means we do not have RT. 3.
3. If the material has no RT, the quantity is the same, and the date is the same, then we can refer to “red box 1”. Then you can refer to the invoice in “red box 1”. Or directly open “red box 3”, the supplier invoice file.
